SUMMARY

Front-End Developer specializing in **User Interface Development** and responsive design. At DevTest, implemented cross-browser-compatible interfaces **using HTML, CSS, and JavaScript**, improving website efficiency and reducing development time by **20%**. Known for solving design challenges with innovative solutions and maintaining **a keen eye for detail** in fast-paced team environments.

"Dedicated to delivering scalable, efficient, and user-focused digital solutions."

SKILLS

Technical Skills:

- Front-End Development: HTML, CSS, JavaScript, Bootstrap
- Programming Languages: C, Python, Java, R, Prolog
- Databases: MySQL
- Version Control: GitHub
- Responsive Design and Cross-Browser Compatibility
- User Interface Development and Optimization
- Quality Assurance Testing

Soft Skills:

- Teamwork and Collaboration
- Attention to Detail
- Problem-Solving
- Adaptability and Fast Learning

EXPERIENCE

DevElet | Hyderabad, India

Role: Front-End Development Intern

Duration: 09/2024 – 10/2024

- Designed and implemented responsive, cross-browser-compatible user interfaces using **HTML, CSS, and JavaScript**, increasing user engagement by **25%**.
- Developed and optimized interactive components using JavaScript, reducing development time by **15%** and enhancing overall project efficiency.

- Conducted comprehensive **quality assurance testing** to ensure compliance with W3C standards, achieving a 100% error-free deployment rate.
- Collaborated with a cross-functional team to identify and address UI/UX challenges, improving user satisfaction scores by **20%**.

PROJECTS

Responsive Portfolio Website

- Developed a fully responsive portfolio website using **HTML, CSS, and JavaScript**, showcasing personal projects and technical skills.
- Implemented smooth scrolling, interactive components, and modern design principles to enhance user engagement.
- Deployed the website **using GitHub Pages**.

Netflix Log-In Page Clone

- Created a pixel-perfect clone of the **Netflix log-in page** using **HTML** and **CSS**, ensuring responsiveness across various screen sizes.
- Applied **CSS Flexbox** and **Grid techniques** to achieve a visually accurate and well-structured layout.
- Enhanced user experience by integrating hover effects, form elements, and a mobile-first design approach.

EventBlizz – Event Management Platform

- Conceptualized and developed EventBlizz, a responsive web application designed to streamline event planning and attendee management.
- Built the front-end using HTML, CSS, JavaScript, and Bootstrap, ensuring seamless navigation and cross-device compatibility.
- Implemented features such as event creation, registration forms, and real-time attendee tracking using JavaScript DOM manipulation.
- Enhanced user engagement by designing an intuitive user interface and integrating real-time notifications.
- Deployed the application on GitHub Pages, receiving positive feedback for usability and design from users during beta testing.

Task Manager Web Application

- Built a task manager application to track tasks using **JavaScript** for **dynamic functionalities** and CSS Grid for layout optimization.
- Incorporated **CRUD** (Create, Read, Update, Delete) operations and local storage to retain user data across sessions.
- Enhanced usability by implementing intuitive UI/UX elements like drag-and-drop task sorting.

EDUCATION

- **Malla Reddy College of Engineering and Technology** | Hyderabad, India

Bachelor of Technology in Information Technology (Expected: 2026)

Relevant coursework: Web Development, Data Structures, User Experience Design, Database Management System, Programming languages (C, Python, Java, R and Prolog).

- **Delhi Public School** | Nacharam Secunderabad
Senior School Diploma (2022) Achieved **86%**
High School Diploma (2020) Achieved **84%**

CERTIFICATIONS

- **CAMBRIDGE English Empower Level C1 Certification** (Mar 2023 – Jul 2023): Demonstrated advanced English proficiency.
- **Certificate of Internship – DevElet** (Oct 2024): Recognized for developing responsive web interfaces and ensuring W3C-compliant code.

LANGUAGES

- **Marathi:** Native
- **English:** Proficient
- **Hindi:** Conversational
- **Telugu:** Conversational

ACHIEVEMENTS

- Participated in Smart India Hackathon conducted at Malla Reddy College of Engineering And Technology
